 Love with animals - don't kill animals

Don't capture the innocent beautiful birds and also don't hunt them. These birds enchant the beauty of the universe. Don't beat and hunt the animals because these are very necessary for our survival. Birds and animals are the beauty of our earth don't kill and capture them. These innocent lives deserve our love and pity. God loves those who loves his creature.

SAVE ANIMAL MOVEMENT TAKES OUT RALLY

Save Animal Movement on Saturday brought out a rally followed by a protest demonstration here at Chowk Kachehri against human oppression on animals.

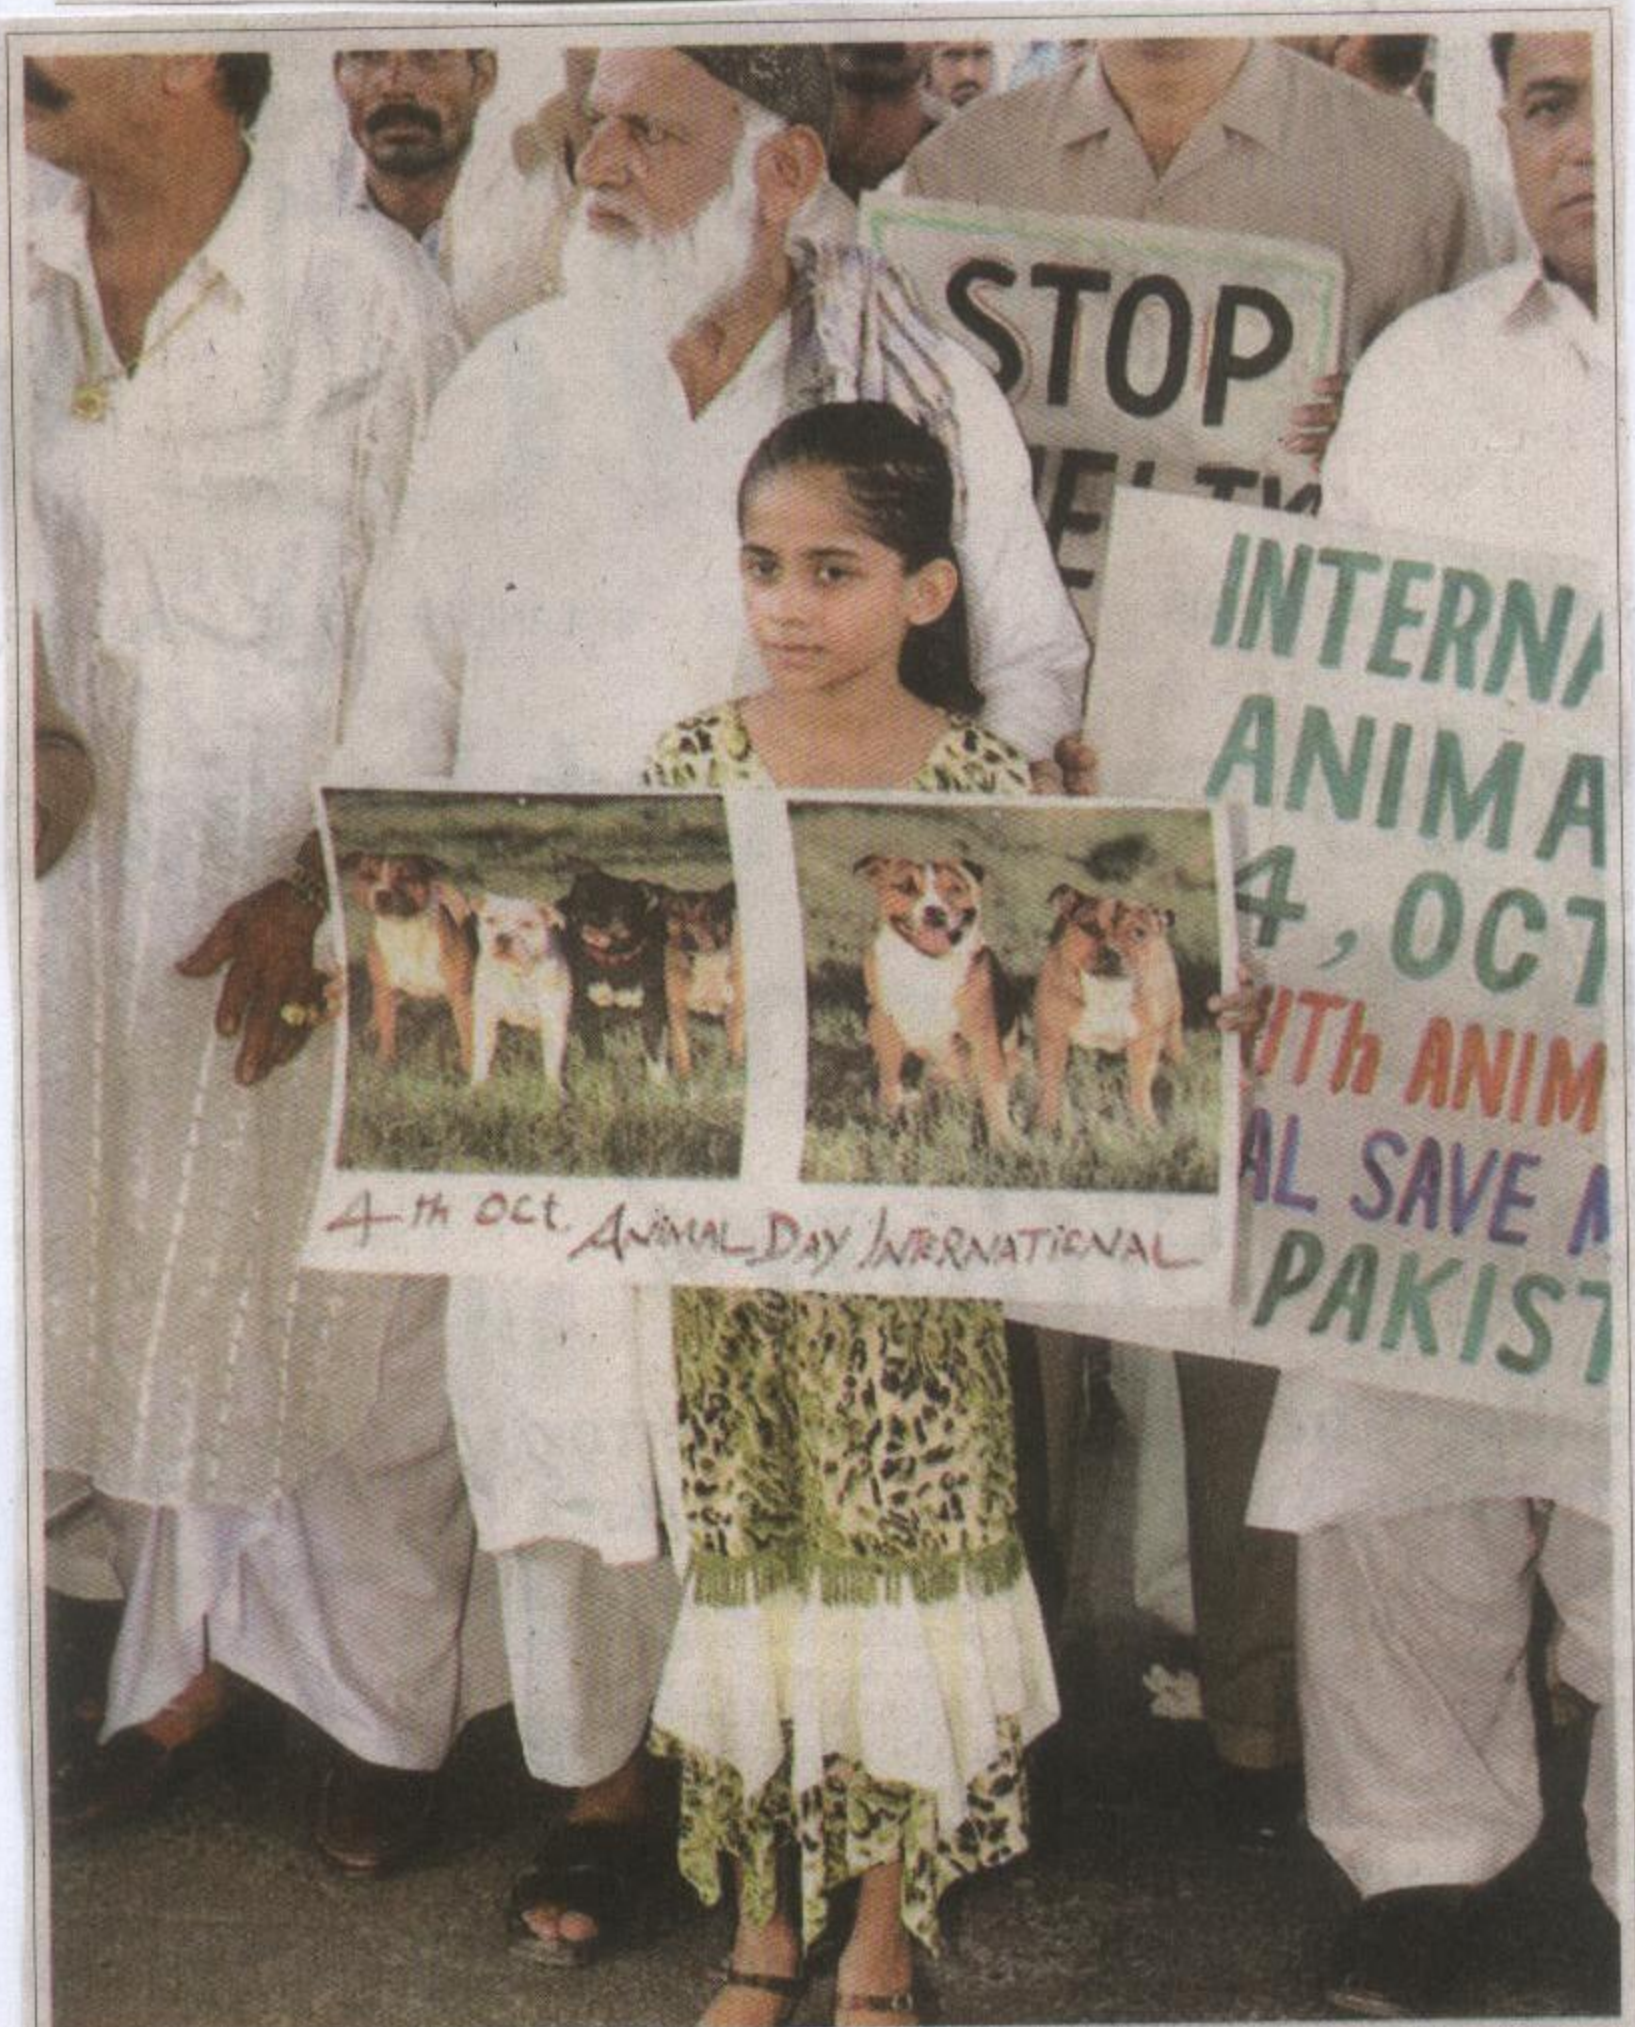

The rally and demo were held in connection with World Animal Day and movement's President Khalid Mahmood Qureshi led the protesters. The rally marched from Kalma Chowk to Chowk Kuchehri.

Holding placards and banners inscribed with slogans in favour of animals, about 30 to 40 demonstrators assembled at the

chowk and chanted slogans against government. They lamented that almost all veterinary hospitals and dispensaries were without doctors and other staff. They regretted that the donkeys, horses, dogs and birds were being badly treated by the humans. They asked the government to ensure implementation of wild life protection laws and availability of doctors at veterinary hospitals.
